

Ride The Wave. The Wave Of The Future.

You've seen us grow. There's a lot of good reasons for it, but the best is yet to come. If you're a profit oriented agent, you'll want to know a lot more about our **"New Concept"**.

Welcome to Equity Saver Plus Realty's **"New Concept."** Most agents choose a career in real estate to take control of their business. Our main focus is **freedom & money!** In order to succeed, we believe that an agent must learn how to **"work smart"** in this very competitive business. ***It is not the size of the company that guarantees success; it is your effort that puts your career where you want it to be.*** We have the technology you need to truly engage buyers and win more listings, thus increasing your bottom line profit. Here are some key things we offer:

- ♦ **Starting commission of 80% and automatically move up to 90% and 100% without waiting for your anniversary date; or a choice to start at 100% for a minimal fee.**
- ♦ **NO desk fees, franchise fees, annual company dues, listing fees, marketing fees, no share of personnel/admin expenses and no admin fees to your buyers and sellers at closing!**
- ♦ **NO phone duty and floor time.** You set your own hours; you work from the office or in the convenience of your home, no need to stop in the office except to file paperwork or to meet with a client. The time spent on floor duty can be used to prospect new leads.
- ♦ **NO pressuring sales quota.** You create your own success. We will motivate, encourage and support you, but we will never pressure you.
- ♦ **Freedom to decide the listing fee without broker-in-charge's approval.** This will give you total control of your business and improve self-confidence as you interact with prospective sellers. Never lose a good listing because of the firm's listing fee requirements. More listings equate to more potential buyer transactions.
- ♦ **Display ONLY your own contact number (no office number) on property signs, literature, flyers and all marketing material.** You work hard and spend money to obtain business; you deserve all the calls that will come in from that investment.
- ♦ **Free Realtor.com listing enhancement.** Realtor.com is a powerful marketing system that will enable you to stand out prominently, **capture buyers and sellers early and all your listing leads go directly to you!**
- ♦ **Free professional and robust website with free domain name, IDX, unlimited lead capture forms, automatic cell phone notifications, online management office system, and all the internet tools you need to capture more listings and more buyers!**
- ♦ **Free and automatic listing syndication to Google, Facebook, Twitter and top real estate directories.** Listing syndication is the most effective way to get mass exposure for your listings to a broad audience of buyers and you can do this in just a few clicks!

There is a better way to earn more, call us for a confidential interview. Join Equity Saver Plus Realty team today, and **experience all that we have to offer—to you and your clients!**

It is your future, take charge of it! "Discover What We Can Do For You."
